Corporate Policy: Employee Expense & Reimbursement Guidelines

1. Purpose and Scope

The purpose of this document is to establish clear guidelines for the reimbursement of business-related expenses incurred by store employees, managers, and regional staff. This policy ensures financial accountability and operational efficiency across all retail locations.

2. Approved Retail Expense Categories

A. Emergency Store Operations

Store Managers are authorized to make out-of-pocket purchases to resolve immediate operational emergencies (e.g., HVAC failure, plumbing issues, POS system disruptions) when corporate procurement is not viable.

- **Limit:** \$200.00 USD per incident.
- **Requirement:** Detailed, itemized receipts are required. Expenses exceeding this limit require documented approval from the Regional Director prior to purchase.

B. Visual Merchandising (In-Store)

Store merchandisers may purchase local props, materials, or displays for approved seasonal campaigns.

- **Limit:** \$300.00 USD per quarter, per store.
- **Requirement:** Must map directly to the current quarter's visual campaign directive.

C. Regional Travel & Mileage

Regional Managers traveling between store locations using personal vehicles are reimbursed based on distance, not direct fuel costs.

- **Mileage Rate:** \$0.60 USD per mile.
- **Meals:** Daily meal allowances (\$50/day) are strictly limited to overnight travel. Same-day trips do not qualify for meal reimbursement.

IMPORTANT: Gas station receipts submitted for personal vehicle travel will be rejected automatically. Employees must submit a mileage log.
